Quattro case, quattro mondi che raccontano esigenze abitative e personalità differenti. Locali piccoli e contenuti oppure ampi e importanti, ambienti storici oppure moderni.

Questo catalogo interpreta il living attraverso quattro stili diversi che esaudiscono il medesimo desiderio di comodità e vivibilità e la necessità di soluzioni che contengono e ottimizzano.

Configurazioni che poi trovano continuità nelle possibilità progettuali della zona notte.

Four homes, four worlds, each with their own set of living needs and personalities. Small and compact rooms, or else large and spacious, historic or contemporary settings.

This catalogue interprets the living area through four distinct styles fulfilling the same desire for comfort and liveability, together with the need for solutions that both contain and optimise.

Configurations that enjoy continuity in the design possibilities of the bedroom.

**Economia circolare**  
Produciamo strutture e ante in nobilitato costituite da pannelli ecologici provenienti da fornitori certificati FSC® che utilizzano legno pre e post-consumo a cui viene data una seconda vita in virtù di un'economia circolare che si autoalimenta, senza andare a intaccare il nostro patrimonio forestale.

**Circular economy**  
We produce melamine-faced structures and doors consisting of ecological panels produced by FSC® certified suppliers who use pre- and post-consumer wood, which is given a second life thanks to a self-perpetuating circular economy, without impacting our existing forests.

**Materiali eco-friendly**  
Utilizziamo vetro e alluminio, riciclabili all'infinito per realizzare prodotti resistenti e di grande impatto estetico, e PET per superfici sicure che non rilasciano alcuna emissione tossica durante il ciclo di produzione e utilizzo.
